WELCOME

Embark College is not just about getting a degree; it's about immersing yourself in a supportive community driven by academic excellence and fostering future leaders. Our curriculum is designed to be both rigorous and adaptable, ensuring you gain a well-rounded education that prepares you for the ever-changing world.

Embark's programs go beyond academics, equipping you with the knowledge and skills to thrive in your chosen field. The college itself is a hub of activity, encouraging exploration and personal growth. There are ample opportunities to learn outside the classroom and broaden your horizons, from guest lectures ranging from industry professionals to cultural events.

The faculty at Embark College are more than just teachers; they are invested in your success. They bring a wealth of experience, both academic and real-world, to the classroom, making your learning experience both enriching and relevant. They will provide guidance on everything from research projects to career advice, supporting you throughout your academic journey.

Embark College's modern facilities provide a comfortable and convenient environment for learning and growth. From libraries stocked with the latest resources to recreational spaces for relaxation, every aspect of the campus is designed with your needs in mind.

Consider Embark College as your partner in education. We are here to help you turn your ambitions into goals and achieve them. Explore what makes Embark College unique and see yourself contributing to our vibrant community. Together, you can embark on a journey of knowledge, growth, and endless possibilities.

MESSAGE FROM CHAIRMAN

Welcome to Embark College, where we believe that “Entrepreneurs build Nations.” We are proud to introduce a college dedicated to nurturing the leaders and innovators.

Our vision is creating an ecosystem where creativity, critical thinking, and entrepreneurial spirit are at the heart of every experience. We don’t just educate; we inspire you to think boldly, challenge the status quo, and act with purpose.

In today’s ever evolving world, youths with skills are the driving force behind progress for any nation. Whether your goal is to start your own business, be a leader in your profession, or make a meaningful impact on society, we equip you with the skills and mindset you need to succeed. With our cutting-edge curriculum, state of the art facilities, and committed faculties, we are committed to push your boundaries to achieve excellence.

As we embark on this journey together, I encourage you to make most out of every opportunity that we provide, collaborate with your peers and contribute to the vibrant community we are building. Together, we can shape a brighter future.

Shekhar Golchha

MESSAGE FROM **EXECUTIVE DIRECTOR & CEO**

I am delighted to extend a warm welcome to all as we embark on this new chapter of learning and growth with Embark College.

As we embark on this career growth journey with our students, teachers, team, parents of the students, education & job ecosystem, we remain steadfastly committed to our shared vision of delivering market-oriented education that bridges the divide between academia and industry. Our foremost objective is to equip the learners with the skills, knowledge, and professional connection, essential for achieving career goals, whether through undergraduate or postgraduate studies.

At Embark College, one of our most distinguished assets is our robust industry connection. We firmly believe that meaningful associations with industry leaders and professionals are paramount to learner's success. Our dedicated team stands ready to ensure that our students have access to invaluable resources, placements, and networking opportunities, all of which will enhance their learning experience and prepare them for the dynamic professional landscape.

We are most enthusiastic about the endless possibilities that are ahead and look forward to supporting the learners at every juncture as they pursue their academic and professional aspirations.

We altogether shall work towards Empowering Visionaries and Inspiring Excellence!

Asish Thakur

MESSAGE FROM THE **PRINCIPAL**

Welcome to Embark College, an exciting new higher education institution in Nepal offering British university qualifications in partnership with the University of Roehampton, London. Our contemporary city campus in Lalitpur provides a nurturing environment where students can excel.

With over 30 years of experience in British universities, including as a Pro-Vice Chancellor at Roehampton, I am honoured to be the first academic Principal of this innovative college. Our BSc. Business Management and MBA programmes lead to Roehampton degree awards. Students will follow the same curriculum as students studying at Roehampton ensuring globally recognised qualifications. Next year, we are planning new programmes, including in computing and data science.

At Embark, students will be taught by excellent academics and benefit from dedicated support teams. Our Business Incubation and unrivaled industry connections will enable our students to become the next generation of business pioneers and leaders. Alongside academic excellence, Embark College offers a vibrant campus life. Students can participate in college clubs, take on leadership roles, and engage in social projects with a range of government, business and NGO partners.

I invite you to embark on this transformative journey with us. Our excellent education will change your life.

Stephen Driver

YOUR FUTURE IS HERE

The University of Roehampton, located in London, UK, is renowned for its vibrant campus community and commitment to providing an exceptional student experience. Founded in the early 21st century with a heritage spanning over a century and a half, Roehampton provides a diverse array of undergraduate and postgraduate programs in disciplines such as Business, Information Technology, Arts, Humanities, Social Sciences, and Education.

What sets Roehampton apart is its supportive and inclusive environment, where students are encouraged to explore their academic interests and personal passions. The university prides itself on its strong emphasis on research-led teaching, ensuring that students benefit from the latest developments in their fields. With modern facilities, beautiful parkland surroundings, and a strong focus on student well-being, Roehampton provides an ideal setting for students to thrive academically and socially.

All Roehampton degrees are designed to give students the best chance in their chosen careers, including work placement opportunities across their programmes. The REF 2021 ranked the University of Roehampton joint-best modern university in the UK for research, with 77% of their outcomes judged 'world-leading' or 'internationally excellent'.

University of Roehampton

Ranked in the top 15% in the world in 2024

8th in the UK for Student Satisfaction in 2024

Complies with academic standards monitored by the Quality Assurance Agency (QAA)

Top 10 for postgraduate satisfaction in 2024

Ranked Top 300 in QS WUR Ranking By Subject 2018

Ranked in the top 3 modern universities in London in 2025

Complies with standards set by the HEA (The Higher Education Academy).

10th in London according to Good University Guide from The Times

Awarded Silver for Outstanding Student Experience and Outcomes

Best Modern University in the UK for Research 2021

Ranked in the Top 150 in the Guardian University Guide in 2025

TURNING **VISIONARIES** INTO **ENTREPRENEURS**

Embark Business Incubation serves as your launchpad to entrepreneurial success, providing comprehensive support at absolutely no cost. We connect aspiring entrepreneurs with expert mentors who guide them through every stage of business development - from initial concept validation to market entry. Whether you have a groundbreaking startup idea or dream of creating a social enterprise, our program offers personalized mentorship, essential resources, and valuable networking opportunities to transform your vision into reality.

Our support ecosystem extends beyond basic business guidance, encompassing everything from financial modeling and legal compliance to sustainability integration and technology adoption. We believe in nurturing not just profitable businesses, but sustainable ventures that create lasting positive impact. With access to industry veterans, practical tools, and a supportive community of fellow entrepreneurs, Embark Business Incubation provides the perfect environment for your entrepreneurial journey. Ready to turn your business idea into reality?

INDUSTRY ADVISORS

Our industry advisors play a vital role in shaping Embark College's innovative approach to education. These seasoned professionals, active leaders in their respective fields, help ensure our curriculum remains cutting-edge and aligned with industry demands. They provide strategic guidance on emerging trends, technological advancements, and evolving skill requirements across sectors.

This dynamic collaboration between industry experts and academic leaders enables us to continually refine our programs, ensuring they meet both current market needs and anticipate future industry developments. Through their guidance, we maintain our commitment to producing graduates who are not just academically accomplished but also industry-ready professionals.

RECHARGE AND RECONNECT
BALANCING ACT

THE TIGER'S DEN WHERE CAMPUS LIFE COMES ALIVE

The Student Lounge called The Tiger's Den at Embark College serves as a vibrant social hub where students can unwind, connect with peers, and enjoy recreational activities between classes. This thoughtfully designed space provides the perfect balance of relaxation and entertainment, allowing students to recharge while fostering meaningful friendships through friendly competition and casual hangouts. The welcoming atmosphere encourages both spontaneous gatherings and planned social events, making it a favorite spot for students to decompress and build lasting connections throughout their academic journey.

THRIVING IN MIND AND SPIRIT

At Embark College, we appreciate the fact that university life comes hand in hand with academic demands and the potential for personal growth. For this reason, the Emotional Support and Wellness Unit is one of the elements that underscores our commitment to support the head and heart of a learner.

In addition to providing individual support, we also take the necessary steps to counter the concerns of stigma associated with mental health on campus. From our awareness campaigns, self-care as a culture is embraced at the college. Our students learn how to manage stress and time effectively during times of high demand using mindfulness practices that are useful in everyday life.

We all understand at Embark College that mental health support is intertwined with academic success. For this reason, students are given an opportunity to develop the skills that will enable them to function academically, socially, and personally in order to achieve success in college and beyond, and puts them on the path to a meaningful life after graduation.

EMPOWERING YOUR ACADEMIC JOURNEY

At Embark College, our Academic Guidance Unit is dedicated to helping every student reach their full academic potential. Through personalized tutoring sessions, comprehensive study resources, and skill-building workshops, we provide the tools necessary for students to excel in their coursework and develop lifelong learning skills. Our expert academic advisors work individually with students to create customized learning strategies that address specific needs and goals, whether you're aiming for top grades, working through challenges, or enhancing your study techniques.

The Center takes a proactive approach to academic support by offering early intervention programs, regular progress monitoring, and specialized workshops covering critical topics such as effective note-taking, exam preparation, research methodology, and academic integrity.

BSc. BM PROGRAM OVERVIEW

Embark College's BSc. Business Management program gets you ready for the business world. It provides a strong base in business management and teaches you valuable skills like critical thinking, analysis, and making ethical decisions. This four-year undergraduate program includes a foundation year and covers global business practices, preparing you for a successful career in many different fields.

Career Prospects

Upon graduation, BSc. Business Management graduates from the University of Roehampton are well-prepared to pursue diverse career paths in business, management, consulting, entrepreneurship, and more. They possess the skills and knowledge needed to thrive in global organizations and contribute effectively to the ever-evolving business landscape.

The programme at the University of Roehampton not only focuses on academic excellence but also equips students with practical skills and experiences essential for success in the competitive world of business.

CORE FEATURES

Diverse Curriculum: The BSc. Business Management program dives into core business areas like marketing, finance, HR, operations, and entrepreneurship. This equips students with a comprehensive understanding of how businesses run and make strategic decisions.

Industry-Relevant Learning: Focused on practical application, the curriculum incorporates real-world elements like case studies, industry projects, and simulations. This approach equips students with the skills to navigate the complexities of modern business environments.

Professional Development: The program builds essential skills like communication, teamwork, and problem-solving through guest lectures, workshops, and industry connections, giving you practical knowledge and real-world insights.

Global Perspective: The program emphasizes global business, giving students a taste of international markets, navigating diverse cultures, and succeeding in a connected world. Optional study abroad programs can expand their horizons even further.

Research and Innovation: The programme encourages research initiatives that contribute to business innovation and sustainability. Students have the opportunity to undertake independent research projects under the guidance of experienced faculty.

Personalized Support: Dedicated academic advisors and career services provide personalized guidance, assisting students in achieving their academic and career goals. The university's strong alumni network offers valuable connections and mentorship opportunities.

CORE MODULES

BUSINESS READINESS

Business Readiness is a module that runs throughout the degree underpinning all undergraduate programmes in the Roehampton Business School. It is aimed specifically at enhancing employment skills and competences and enabling graduates to succeed in the world of work. These have been developed in alignment the Chartered Management Institute employability framework and which are used to map onto the programme's modules.

CROSS-CULTURAL MANAGEMENT

This module develops your knowledge of the issues involved in managing a diverse workforce, working in different cultural environments and managing in a multi-national organization. Throughout the module the concern will be both about organizational effectiveness and also about ethics and social responsibility in the management of culture. The module will also give the opportunity for you to develop your knowledge of management and organizational practices in different parts of the world.

MANAGING PEOPLE AND CAREERS

This module will help you better understand the background to managing people as key resources in organisations and the approaches adopted to attract, select and retain the best people. By gaining knowledge of the processes organisations use to recruit the best 'skilled' people and retain them through the career structures and support mechanisms, you will be able to apply this to help you develop your own career management skills; particularly how to gain entry into a graduate level role within different types of organisations.

APPLIED CORPORATE STRATEGY

This module will give you a clear understanding of what Strategy is all about and how organisations develop it. You will also learn how to apply the essential concepts and tools of strategy that will be useful in your business career whichever sector you choose. Throughout this module, the emphasis is on application rather than critical discussion of covered models and frameworks. You will also have the opportunity to work with others and communicate your views.

Strengths

- Prime Location
- Great View
- Quality food and service
- Affordable Price

Weaknesses

- Limited Space
- Property

Opportunities

- Increasing Market
- Increasing Popularity
- Easier Transportation

Threats

- Natural Disasters
- Political Instability

MBA PROGRAM OVERVIEW

The Master of Business Administration (MBA) programme at the University of Roehampton is designed for aspiring business leaders seeking to accelerate their careers and make a significant impact in the global business environment. This intensive and transformative programme equips students with advanced business knowledge, leadership skills, and strategic thinking capabilities necessary to thrive in senior management roles.

Career Prospects

Upon completion of the MBA programme, graduates are equipped to pursue senior management positions in multinational corporations, start-ups, consulting firms, or to embark on entrepreneurial ventures. The programme's emphasis on practical skills, strategic thinking, and global perspective prepares graduates to navigate complex business challenges and lead with confidence in today's competitive business landscape.

The MBA programme at the University of Roehampton is designed to empower aspiring business leaders with the knowledge, skills, and networks needed to succeed in dynamic and challenging business environments.

MBA PROGRAM MODULE

CORE FEATURES

Comprehensive Curriculum: The MBA curriculum covers a wide range of business disciplines including Strategic Management, Marketing, Finance, Operations, Organizational Behavior, and Leadership. Courses are designed to deepen understanding and develop expertise in critical areas of business management.

Experiential Learning: Emphasizing practical application, the programme integrates case studies, business simulations, and real-world consultancy projects. Students apply theoretical knowledge to solve complex business challenges, gaining hands-on experience and honing their decision-making skills.

Global Perspective: With a focus on international business and global markets, the MBA programme explores cultural diversity, international strategies, and the implications of globalization on business operations. Optional international study tours and exchange programmes further enhance global exposure.

Leadership Development: The programme fosters leadership potential through workshops, seminars, and personal development modules. Students cultivate essential leadership qualities such as strategic vision, innovation, ethical decision-making, and effective communication.

Networking Opportunities: Students benefit from networking opportunities with industry leaders, guest speakers, and alumni, enriching their learning experience and expanding their professional connections. The university's strong alumni network provides valuable mentorship and career support.

Research and Innovation: The programme encourages research initiatives that contribute to business innovation and sustainability. Students have the opportunity to undertake a major research project or dissertation under the guidance of faculty mentors.

CORE MODULES

PLACEMENT PREPARATION

As part of your MBA with Placement Year, you are enrolled in this Placement Preparation module (which includes a series of workshops). This required module is to support you in finding a placement and is a prerequisite for doing the Placement module.

The workshops and activities in this module are designed to help you find and secure your own placement and develop key professional skills and knowledge to succeed in the world of work.

BEYOND PROFIT RESPONSIBILITY & SUSTAINABILITY

In today's globalized world, businesses operate within complex social contexts and face mounting pressure to address political, economic, and environmental challenges. This module equips students with essential knowledge to analyze ethical issues in contemporary business. The first half introduces ethical theories and analytical methods, while the second half applies these tools to urgent business challenges including: responsible technology use, ethical labor practices, workplace diversity, and environmental sustainability.

GLOBAL LEADERSHIP PROGRAMME

Embark College in Academic Partnership with University of Roehampton is offering to all its Post Graduate students an innovative and ambitious Global Leadership Programme alongside their Post Graduate awards. The programme runs in parallel with the taught modules and it is complementary to them.

ADVANCED PROJECT MANAGEMENT

Mastering project management is crucial to organisations in the 21st century. Recognising the importance of both tools and techniques as well as human and organisational factors in achieving project success, the module enables students to learn the 'hard' science essential for project managers today, but with the crucial emphasis on the soft skills involved in people- and change-management to help achieve delivery of successful projects.

STRATEGIC LEADERSHIP AND CHANGE

In today's competitive global environment, an organization's success hinges on its ability to adapt. While change is driven by various forces, most change initiatives fail to achieve their intended outcomes. Given the potentially devastating consequences of mismanaged change, managers must develop the skills and credibility to champion change effectively, ensuring that employee voice, cultural differences, and skills development are properly addressed throughout the process.

APPLIED RESEARCH OR CONSULTANCY PROJECT

This module provides students with an opportunity to work on an identified business problem, to critique the problem and to provide a theory-driven solution. The purpose of this module is to provide a means for applying knowledge and theory to real-world problems. The focus of the project could be directed at a specific organisation that will be carried out on a consultancy basis. In other cases, the student will be carried out as applied research focused on addressing specific business problems facing businesses.

Bridging the Gap Between **Industry & Academics**

Embark College is dedicated to closing the gap between industry and academia, preparing students with the practical skills and knowledge needed for today's global economy. Through active partnerships with leading businesses in Nepal and beyond, our curriculum aligns with current market demands, offering students internships, hands-on projects, and mentorship opportunities. This real-world exposure equips them with essential technical skills and a deep understanding of workplace dynamics.

In addition, Embark College fosters a strong entrepreneurial spirit, encouraging students to think critically and develop innovative solutions. By integrating entrepreneurship into our academic framework, we prepare students to become job creators, ready to lead and innovate in a competitive global landscape.

At Embark College, we are not just educating professionals; we are cultivating the next generation of leaders, innovators, and entrepreneurs, ready to excel in the modern world.
